Overview

The College of Dentistry at Al Ain University is the first and only dental college in the Emirate of Abu Dhabi, offering a modern learning environment that combines academic excellence with practical and clinical training in line with the latest international standards. Through its Bachelor of Dental Surgery (BDS) program, the college equips students with the scientific knowledge and clinical competencies required to deliver high-quality oral healthcare and contribute to the well-being of the community.

The college features advanced laboratories and state-of-the-art facilities that simulate real-world clinical settings, providing students with a comprehensive educational experience that integrates theory and practice. Supported by a distinguished team of academic and clinical experts, the college fosters critical thinking, research, professionalism, and ethical practice, preparing future dentists to meet the evolving demands of the healthcare sector and excel in their careers with confidence and competence.
