

College of Dentistry

About the College > Vision, Mission and Values

Vision

To be a pioneering centre of excellence in dental education, research, and patient care—shaping future leaders in oral health for Abu Dhabi, the UAE, and the world.

Mission

Our mission is to prepare skilled and compassionate dental professionals through excellence in education, research, and clinical practice. We are dedicated to advancing oral health, fostering innovation, and serving the community, while positioning Abu Dhabi as a leader in dental education and healthcare.

Values

- Striving for the highest standards in education, research, and patient care.
- Acting with honesty, transparency, and professionalism in all endeavours.
- Placing empathy and respect at the heart of patient care and community service.
- Embracing creativity, technology, and research to advance oral health.
- Building strong partnerships locally and globally to enrich learning and practice.
- Inspiring curiosity, critical thinking, and continuous professional growth.
- Serving the community and contributing to the well-being of society.
